Nineteenth Sunday After Pentecost
October 19, 2025

During worship, you may observe various forms of interactive participation, such as hand motions or spoken responses. These practices are intended to foster a sense of connection, engagement, and joy in our shared worship experience. However, participation is entirely optional. There is no right or wrong way to worship, and we recognize and respect that each individual expresses their faith in their own unique way.

At Cornerstone UMC we are a people bound together through the love of God. Those who gather represent the vast diversity of God's people for we believe that in diversity we experience unity. God has invited us to be full participants in God's story. We share this story together through our lives, our worship, our prayers, our generosity, our relationships and in our service to others. God's story is a journey and not a destination. God's story invites us to be one outpost among many that bears witness to the love of God in the world. We share the story in authentic and practical ways and do not set limits on the expression and diversity of God's gifts and people. "Come as you are!" We really mean it! God is breaking down the walls and barriers of separation between people, communities, and creation.
